OUR WORK

Established in 1867, Galloway's has a long and proud history of serving blind and partially sighted people across Lancashire & Sefton. We rely on donations and legacies for the majority of our income and every year we need £1 million to help local people living with sight loss. There are an estimated 47,000 people living with sight loss in our area and we know there is so much more we can do. With your help we can bring the hope of a brighter future not only to those people we already help but to many more in the future.
